Client-Facing Validation Checkpoints	15

Scope Confirmation and Sign-off	15
Handover and follow-on work	15
Knowledge Transfer Protocols	15
Sustainability Planning	15
Post-Engagement Support Models	15
What a failing engagement looks like, and how to catch it early	15
Warning Signs in Scope Creep	15
Indicators of Stakeholder Misalignment	16
De-escalation Strategies and Corrective Actions	16
Running the Practice	16
Utilization target and capacity	16
Defining Service Capacity Units	16
Calculating Optimal Billable Hours	16
Assessing Bench Capacity Constraints	16
Time and expense tracking	16
Implementing Activity-Based Costing for Consulting	16
Tracking Client Time vs. Internal Overhead	16
Analyzing Material Cost Accrual for Inventory Audits	16
Subcontractors and associates	16
Vetting and Onboarding Specialized Expertise	16
Structuring Associate Agreements for Scale	16
Managing Quality Control Across Third Parties	16
Tools and systems	16
Selecting Inventory Management Software for Consulting Use	16
Implementing Project Management Frameworks	16
Financial Tracking Tools for Small Operations	16
Cash-flow buffer and seasonality	16
Modeling Revenue Fluctuation Based on Brewery Cycles	17
Determining Necessary Working Capital Reserves	17
Pricing Strategy Adjustments for Off-Peak Periods	17
When to hire	17
Identifying the Tipping Point for First Hires	17
Developing a Scalable Hiring Roadmap	17

Transitioning from Solo Operator to Small Team	17
The Money	17
Startup costs	17
Legal and Incorporation Fees	17
Initial Technology Stack & Website Development	17
Working Capital Buffer (Pre-launch)	17
Professional Consultation (Accounting/Legal Setup)	17
Revenue model	17
Advisory Service Tiers (Retainer vs. Project-Based)	17
Implementation/Onboarding Fees	17
Value-Added Product Sales (e.g., proprietary dashboards)	17
Unit economics	17
Customer Acquisition Cost (CAC) Analysis	17
Customer Lifetime Value (LTV) Calculation	17
Service Delivery Cost Per Client (COGS)	18
Fixed monthly costs	18
Core Personnel Salaries & Benefits	18
Operational Overhead (Software Subscriptions, Rent Allocation)	18
Professional Services Retainers (Bookkeeping, CRM)	18
Break-even point	18
Required Client Count to Cover Fixed Costs	18
Revenue Needed Per Month to Sustain Operations	18
Sensitivity Analysis: Cost Increase Buffer	18
First-year forecast	18
Quarterly Revenue Projections (Q1-Q4)	18
Expense Budget Allocation (Personnel vs. Marketing)	18
Cash Flow Statement Summary (Year 1)	18
Funding needed and sources	18
Total Funding Requirement Calculation	18
Seed Funding Options (Angel Investors, VCs)	18
Alternative Funding Sources (SBA Loans, Revenue-Based Financing)	18
Getting Legal	18
Business structure	18

Choosing a legal entity type (LLC, Corporation, etc.)	19
Drafting foundational internal agreements	19
Registering the business name and DBA	19
Registration and tax identifiers	19
Obtaining federal Employer Identification Number (EIN)	19
State-level business registration filings	19
Local municipal tax and operating permits	19
Licences and permits	19
Professional advisory licensing requirements (Industry-specific)	19
General business operating permits (Zoning, physical location)	19
Compliance with industry-specific regulatory bodies	19
Insurance	19
Obtaining General Liability Insurance	19
Professional Errors and Omissions (E&O) Insurance	19
Directors and Officers (D&O) Insurance	19
Bank account and bookkeeping	19
Establishing dedicated business bank accounts	19
Setting up accounting software and chart of accounts	19
Implementing initial bookkeeping procedures and controls	19
Contracts and terms	20
Drafting client service agreements and engagement letters	20
Creating vendor and independent contractor agreements	20
Establishing internal operational policies and procedures manual	20
First 90 days checklist	20
Finalizing operational readiness sign-off	20
Establishing payroll and HR compliance processes	20
Developing initial marketing and client onboarding workflows	20

Steadyline Advisory — Business Plan

A funding-ready plan: the offer, the trade you actually chose, the money and the paperwork.

The Business in One Page

The page you hand someone who has four minutes.

The problem

Market Friction Points

Cost of Inaction for Mid-Market Firms

Information Asymmetry in Advisory Spend

The customer

Ideal Client Profile (ICP) Definition

Pain Point Quantification for CFOs

Operational Bottlenecks in Growth Phases

The offer

Core Service Deliverables and Scope Boundaries

Pricing Model Structure and Tiers

Measurable Outcomes and KPIs

Why now

Macroeconomic Tailwinds Favoring Predictability

Competitive Landscape Vulnerabilities

Regulatory/Market Shifts Creating Urgency

Why us

Proprietary Methodology Differentiation

Team Expertise and Track Record Validation

Operational Efficiency and Scalability Proof Points

What would have to be true

Market Adoption Metrics Required

Key Partnership Dependencies

Resource Allocation and Capital Milestones

Consultancy

Positioning and Offer

The problem you solve

Inventory Bloat and Capital Drain

Supply Chain Friction and Waste

Operational Bottlenecks Hindering Growth

Who you solve it for

Defining the Target Brewery Profile (2k-20k BBL)

Identifying Key Decision Makers (Owners & Head Brewers)

Understanding the Pain Points of the Mid-Sized Craft Brewery

Why you, and not the big firm

The 'Boutique Expertise' Advantage

Deep Industry Empathy vs. Generic Consulting Models

Cost-Effectiveness and Immediate ROI Focus

Productized offers

The 'Clean Slate' Audit Package (Entry Point)

The 'Optimized Flow' Implementation Program (Core Offering)

Continuous Improvement Retainer (Long-Term Partnership)

Proof and credibility

Case Studies: Quantifying Savings (Inventory Reduction Examples)

Testimonials Focusing on Time Saved and Stress Reduced

Industry Partnerships and Advisor Network

Work you decline

Overly Large/Corporate Operations (The Unicorn/Mega-Brewery)

Start-up/Pre-Revenue Breweries (Lack of Process Maturity)

Breweries with Structural Ownership Disputes (Internal Conflict Focus)

Pricing and Contracts

Pricing model

Fixed-Price Project Model

Time & Materials (T&M) Model

Value-Based Performance Model

Hybrid Model Selection Criteria (e.g., Low Maturity vs. High Complexity)

Rate card

Standard Hourly Consulting Rates (By Expertise Level)

Day Rates for On-Site Assessments

Project Retainer Rates (Minimum Commitment Tiers)

Tiered Pricing based on Annual Volume (2k-5k, 5k-10k, 10k-20k BBL)

Scope and change control

Initial Discovery & Scope Definition Workshop

Work Breakdown Structure (WBS) Development for Inventory Cleanup

Change Request Protocol (CR) and Impact Assessment Process

Scope Creep Mitigation Strategies

Payment terms and deposits

Phased Billing Milestones (Deliverable-Based Payments)

Initial Deposit Structure (Retainer vs. Project Kick-off)

Payment Schedule Options (Net 15, Net 30)

Late Payment Penalties and Dispute Resolution

Master services agreement

Core Service Definition and Service Levels (SLAs)

Termination Clauses (For Cause vs. Convenience)

Governing Law and Dispute Resolution Mechanism (Mediation/Arbitration)

Liability, indemnity and insurance

Limitation of Liability Clauses (Caps on Damages)

Mutual Indemnification Requirements

Professional Liability (E&O) and General Liability Insurance Requirements

Warranty Disclaimers for Recommendations vs. Implementation

Intellectual property

Ownership of Existing Brewery IP (Client Assets)

Ownership of Developed Methodologies and Tools (Consultant IP)

Work Product Ownership (Deliverables) and Usage Rights Licensing

Confidentiality and Non-Disclosure Agreements (NDA) Integration

Pipeline and Business Development

Lead sources ranked by effort and yield

Low-Effort, High-Yield Sources

Medium-Effort, High-Potential Sources

High-Effort, Low-Yield Sources (and when to use them)

Referral network

Identifying Ideal Referral Partners

Developing the Formalized Referral Ask

Nurturing and Maintaining Referral Relationships

Outbound approach and message

Pain Point Discovery and Qualification Questions

Crafting the Value Proposition for Brewery Owners vs. Head Brewers

Multi-Touch Sequence Development

Authority building

Content Pillars for Supply Chain Optimization
